

Over Wonders

intro

Over all creation, the water, earth, and sky
The heavens are Your tabernacle, Glory to **Yahuah** on high

Over wonders beyond eternity, You are glory, glory
The universe declares Your majesty, You are glory... and over

All of heaven and earth, all of heaven and earth

intro

Early in the morning, I will celebrate the light
When I stumble in the darkness, I will call Your Name at night

Over wonders beyond eternity, You are glory, glory
The universe declares Your majesty, You are glory, glory

Halalu**Yah**, To the King of heaven and earth
Halalu**Yah**, To the King of heaven and earth
Halalu**Yah**, To the King of heaven and earth

Over wonders beyond eternity, You are glory, glory
Precious **Yah**, reveal your heart to me, Father show me, show me
The universe declares Your majesty, You are glory... and over

All of heaven and earth, all of heaven and earth
